

Grading Rake

Recommended Applications:

Werk-Brau's excavator grading rake is specifically designed for land clearing, gathering of demolition debris, and sorting material. This grading rake is not designed to dig or rip soil. This grading rake can also be integrated with a thumb for dual hydraulic grapple action.

Quality Construction:

Wear resistant high strength steel is used extensively throughout the weldment and rake construction. Each tooth is heavy duty and supported by reinforcing plates. Gussets are placed between tines for added strength.

Cutting Equipment Options:

Serrated tines are available.

Standard Sizes Available:

The grading rake can come in a variety of special widths. Additional tines are available. Special designs and options are available, please request a quote from a Dealer or contact Werk-Brau directly.

Grading Rake					
Metric Ton Class	Part Number	Width	# of Tines	Weight	
12, 15, 20	WBER36-1	36"	4	700	
12, 15, 20	WBER42-1	42"	5	815	
12, 15, 20	WBER48-1	48"	6	925	
12, 15, 20	WBER60-1	60"	7	1100	
25	WBER42-2	42"	5	1350	
25	WBER48-2	48"	6	1535	
25	WBER60-2	60"	7	1800	
30, 35, 40 & 50	WBER48-3	48"	5	1815
