

# AG GRAPPLE BUCKET

## RECOMMENDED APPLICATIONS:

Versatile bucket designed for many applications including: land clearing, bale handling, brush clearing, tree handling, scrap transportation, awkward objects, and cumbersome material.

## QUALITY CONSTRUCTION:

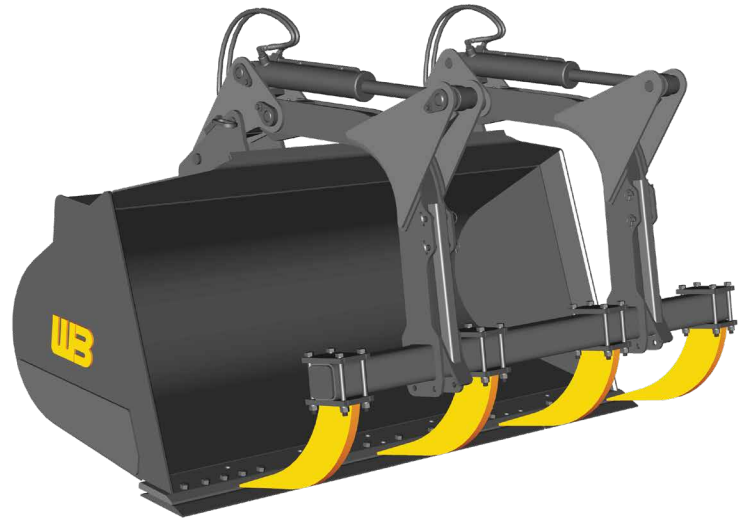

High quality cylinders, with greasable pivot points lined with hardened bushings.

## STANDARD SIZES AVAILABLE:

Available for all size wheel loaders.

## ADDITIONAL FEATURES::

The Werk-Brau AG Grapple Bucket features a wide mouth opening with 4 adjustable spear tines for easy penetrating. This bucket is great for applications requiring a powerful clamping action. Also features a kick stand for easy storage and removable self-standing tines.

## GENERAL PURPOSE LOADER BUCKETS
