

KLAC COUPLER & HANGER BLANKS

RECOMMENDED APPLICATIONS:

The KLAC system is a fully versatile dedicated coupler and hanger system for machines. Very compact, low maintenance, high quality construction, and fast coupling makes the Klac a top choice for operators!

QUALITY CONSTRUCTION:

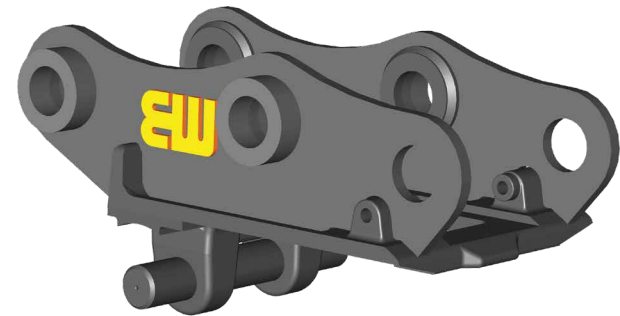

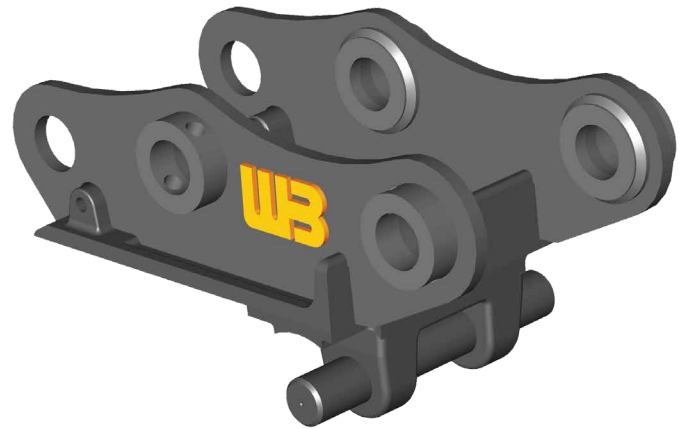

Cast steel parts for maximum longevity and ruggedness. Comes with a 2 year guarantee.

EQUIPMENT OPTIONS:

Manual version only.

ADDITIONAL FEATURES::

Has an automatic, mechanical lock. Double safety features. OEM compliant. No play in the system thanks to a permanent wear recovery. Very low maintenance, free of: screws, circlips, pins, keys, connecting rods, swivels, and more! to learn more, please request a quote from a Dealer or contact Werk-Brau directly.
