

# GRADING/GRAPPLE RAKE

## RECOMMENDED APPLICATIONS:

Werk-Brau's grading rake is specifically designed for land clearing, gathering of demolition debris, and sorting of material. This grading rake is not designed to dig or rip soil. It can also be integrated with a thumb for dual hydraulic grapple action. Werk-Brau's grading rake turns into a grapple application with the use of a Werk-Brau thumb. Thumbs are sold separately.

## QUALITY CONSTRUCTION:

Wear resistant high strength steel is used extensively throughout the weldment and rakes construction. Each tine is heavy duty and supported by reinforcing plates. Gussets are placed between tines for added strength.

## TOOTH EQUIPMENT OPTIONS:

Serrated tines are standard.

## STANDARD SIZES AVAILABLE:

The grading rake comes in a variety of special widths. Additional tines are available.

Compact Utility: 18" - 48"

Full Size Machines: 36" - 72"
